

CHRISTINE SENNECA, DVM, DACVIM (NEUROLOGY)

Neurology

Originally from Long Island, Christine Senneca, DVM, DACVIM (Neurology) received her Doctor of Veterinary Medicine degree from Ross University School of Veterinary Medicine and completed her rotations at the University of Florida. She later concluded a rotating internship at the VCA Aurora and VCA Berwyn Animal Hospitals outside of Chicago. After her internship, Dr. Senneca practiced emergency medicine in both New York and New Jersey before embarking on her neurology and neurosurgery residency at the University of Florida. She became board-certified in July, 2017 before joining our hospital team. Her practice interests include neurosurgical diseases, seizure management, and management of non-infectious inflammatory nervous system diseases.
